

SCTC “Protect Watch” Program

Protect Watch Program is the complete training for someone doing any of the “watch” functions, like “hole watch”, fire watch, bottle watch, and gas detection. Protect Watch ensures that the person you have watching over your crew has received the right training for that function. The Protect Watch Program utilizes the following classes at Safety Council Texas City.

				Member/nonmember	
07FIREX	Hands-On Fire Extinguisher Training	Instructor Led	2 hours		\$50/60
A07FW	ARSC Fire Watch	CBT	45 minutes		\$15/25
07BTLWCH	Bottle Watch	Instructor Led	1 hour		\$55/55
A07CSE	ARSC Confined Space	CBT	1 hour		\$15/25
07GASMON	Basic Gas Monitoring Principles	CBT	20 minutes		\$20/30
	(2 year cycle)				
And one of the following specific gas detector classes*					
07ALTR5X	Altair 5X Gas detector	Instructor Led	1 hour		\$45/55
07EAGLE	RKI Eagle Gas detector	Instructor Led	1 hour		\$45/55
07ULTRAE	Ultra Rae 3000 Gas detector	Instructor Led	1 hour		\$45/55
07MX6GAS	MX6 Gas detector	Instructor Led	1 hour		\$45/55

*other monitors available

6.08 hours \$200/250

Every person that completes all 6 courses* within 30 days will be issued a “PROTECT WATCH” identification card, and SCTC issued safety badge with all other courses, showing completion of the PROTECT WATCH program, good for one year. A Protect Watch sticker will be provided that can be placed on the Protect Watch person’s hard hat so that they can be recognized while on the job site.
